## CAVERSHAM MILL

### welcome to caversham mill restaurant

Our menu offers an interesting range of wholesome meals, with an emphasis on trying to use local suppliers who provide us with fresh ingredients. These are then lovingly prepared in our kitchen. If you have any dietary requirements or specific food allergies, kindly let us know. The lingering memory of superb food will long outlive the short wait during the preparation of your meal (a 30 minute wait for main course is average).
